

Request For Supporting Documents for VISA Application

The supporting documents such as Letter of guarantee, Letter of Invitation for VISA application for your VISA application will be prepared upon request. We only support VISA applications for the purpose of attending the conference. The applicants should satisfy all of the following conditions.

The guarantor of VISA application will be an affiliation, not an individual. Therefore, we will NOT accept the request to provide any information of the individual person of the guarantor.

Before you apply for assistance, you are required to take the following steps.

1. Complete your registration with full payment of the registration fee
2. Book a flight
3. Reserve a hotel
 - *The period of your stay must be scheduled for a maximum of 2 weeks (including symposium period (3 days), arriving and departing day in Japan (2 days)).
4. Download questionnaire form by clicking "[Questionnaire Form for Visa Support](#)" button after your registration is complete.
5. Submit filled questionnaire form and a copy of conference registration confirmation to the MEMS Inertial Sensors Summer School 2026 visa support desk (mems_iss@semiconportal.com) by 5pm, June 30, 2026 (Japan Time). Please be sure the following points about your passport information
 - Your passport is valid.
 - Passport must be of the nationality indicated on the questionnaire form.
 - If you are also applying for a visa for accompanying persons, you must also send the information of their passport.

Important Notes:

- Upon the receipt of the supporting documents, you are responsible for proceeding with the VISA application on your responsibility.
- Requirements for quarantine and VISA application documents may differ depending on your departure country. Please confirm the requirements on your responsibility.
- MEMS Inertial Sensors Summer School 2026 will not take any responsibility for your loss in case you need to cancel your flight, hotel, and so on.
- If you are unable to obtain a visa and cancel your registration, you will still be subject to the MEMS Inertial Sensors Summer School 2026 cancellation policy.
- The organizer will issue visa support documents, but this does not guarantee that you will receive a visa.
